BOOTH: E26

Coordinated by the Uni-Italia Association, the Italian Pavilion will feature 12 institutions showcasing the richness and diversity of Italy's higher education system. Throughout the exhibition, universities will take turns at dedicated tables, offering visitors the chance to discover new academic programs, explore joint initiatives, and strengthen international partnerships.

Typically, institutions arrange their own appointments; however, if you encounter difficulties meeting or contacting them, you can email academic.cooperation@uni-italia.it, and we will try to assist you.

Please note: all Italian institutions not listed here are likely *free walkers* and do not have a reserved space within the Pavilion.
